

I'm at Chericy Lake. It has a big lake it also has places were you can camp out for a couple of days. My Mom, Dad, Sarah, and I are at Chericy Lake. We always stay for one hole week. We always camp, ride our bikes, and go swimming, make new friends; and have a blast. When it is Sunday morning my Dad always makes baken or sausige, eggs, and biscuts and gravy. Then we put the camp fire out and pack up and leave.

Score Point: 3

This response reflects a limited degree of proficiency in narrative writing skills. The writer organizes a sequence of events and provides some detail to illustrate key ideas (makes bacon or sausage, eggs, and biscuits and gravy). The few errors in conventions do not impede communication. However, further development is required for a higher score.
